

Mount St. Mary Hospital
(Extended Care)
Operated by The Marie Esther Society
of The Sisters of Saint Ann

To Whom It May Concern:

This letter is to acknowledge that Glenn Petersen has worked for Mount St. Mary Hospital on a contract/on-call basis for the last 7 years. During this time Glenn has been required to respond to numerous emergency situations, and has done so in a very prompt, professional manner. He is a hard working, honest individual who has always put the needs of the Hospital at the top of his priority list.

The various emergency calls Glenn has responded to include repairing leaks to sprinkler systems and broken water lines, clearing backed up drains, repairs to broken drain lines, and trouble-shooting problems with hot water circulating systems.

Glenn has also been involved in a variety of contract work at the Hospital. He installed a 200 gallon storage tank to the bathing system, and piped it in series with the existing heat exchanger and new bronze circulating pump. He has provided piping installations during a variety of building renovations, and re-piped gas, water and drain lines after removal of kitchen equipment during floor replacement.

Although I am sorry to see Glenn leave Victoria, I wish him the best in his pursuit for new challenges. Any prospective employer would be extremely fortunate to have such a knowledgeable, courteous gentleman in their employment, and I offer my highest recommendation.

Please feel free to contact me if I can offer any further information.

Sincerely,

A handwritten signature in black ink, appearing to read "Tom Wilson". The signature is fluid and cursive, with a large initial "T" and "W".

Tom Wilson
Director Support Services
